KHEELAN

Protector of the River Lands Rank 29

Special ability: Kheelan has a second figure — the water spirit. For 1 hour on the time track, he can move the water spirit up to 4 spaces. When Kheelan is standing on the same space as the water spirit, he is allowed to use the large white die in battle instead of his own die. That also applies to another hero who is standing on the same space as the water spirit.
